Interesting Map Distributed By Torrance C. Of C.

The new Torrance city map, now being distributed locally and to the various chambers of commerce throughout the nation, shows an aerial view of the Torrance planned business district.

Prepared by the Torrance Chamber of Commerce, the map lists all streets in Lomita, Shoestring Strip, Walteria, Hollywood Riviera and unincorporated portions of Los Angeles county, as well as those streets in the 18.68 square miles of Torrance.

The new map, a folder type suitable for mailing, includes many important facts about the city in addition to showing a second map for the purpose of comparing the surrounding area. This inter-map, drawn to scale, is projected in aerial distance from Torrance to points extending more than 25 miles.

Industry and airports are plainly marked on the informative folder. New subdivisions as well as many places of interest are shown.

The Torrance Chamber has the maps available to anyone calling for them at 1345 El Prado ave., Blaine Walker, secretary, announced.

PALISADE GLACIER.
 Palisade Glacier, Inyo County, is the largest glacier in the Sierra Nevada and the most southerly of the United States. This comparatively solid mass of ice is about 3 miles long and one mile wide. A relic of the ice age, it is hundreds of feet deep. Visitors approach the glacier following a seven-mile "hard" hike from Glacier Lodge, near Big Pine.

Police Officer Hosts An Old Shipmate

Police Officer Carmel Cook, veteran Navy diver in the Pacific during the last war, last week hosted an old shipmate, Jim Hoffman, whom he had not seen since their deep-sea plunges off the coast of Okinawa some 15 months ago.

Cook and Hoffman reminisced a "big blow" off the Japanese coast which washed Seaman Cook overboard. Hoffman, however, was quick to the rescue and succeeded in fishing out his diving partner. This called for a round of "soft drinks" at the next port, where the two became fast friends, the Torrance policeman avers.

Hoffman, a chief shipfitter still in the service, is stationed at San Diego. Cook, a former Torrance high school athlete, became a member of the police force shortly after his naval discharge.

New Piper Cubs To Be Sold At Surplus Field

Twenty new radio-equipped Piper "Cubs" and 47 used transport planes will be offered for sale in Southern California by the War Assets Administration, November 21, with certified World War II veterans getting first priority to purchase.

The liaison planes, located at Naval Air Station, San Diego, will sell for \$1,740 each. They are packed in crates.

The transports are located at Cal-Aero field, Ontario.

Veterans will have until 5:30 p. m., November 20, to inspect the aircraft and present their certifications.

Torrance Chamber Of Commerce Members From All Walks Of Life

Torrance Chamber of Commerce has appeared on the scene in the official affairs of the City of Torrance on a number of issues in recent weeks, particularly pertaining to parking meter opposition, the sales tax, decoration of the streets of the business district for the Christmas holiday season, acquisition of Torrance Municipal airport, housing and many other problems.

Many inquiries have been received as to the representation of the City of Torrance, and it is for this reason that the Torrance Herald this week prints the complete roster of chamber, corrected to yesterday.

The list of membership includes men and women of all walks of life, commercial, civic, industrial, religious, educational labor and political.

The roster follows:
 Abrahamson Harry M., National Home Appliance Co.; Allen Herbert C., Allen's Restaurant; Allen Hugh L., Western Auto Supply Co.; Anderson M., Southern California Edison Co.; Axelsen K. Maywood Scene Of 'Silent Auction' Of Government

Close on the heels of a pace-setting Port Hueneme \$10,000,000 "silent auction" of war surplus, just concluded, a similar sale is scheduled to open at the Maywood disposal center Monday, November 18, the War Assets Administration announced today.

At Maywood competitive bidding will be invited on hundreds of thousands of used and unused war surplus items including plexiglass, textiles, rubber materials, aluminum tanks and other hard-to-get items.

Woods Miss Greta B., Tiny Tyke Shop.
 Zakert Andrew, Carson Mart.
 Zochert Roy H., Torrance Shoe Repair.

New L.A. Electric Power Station For Harbor Area

A \$4,000,000 project to break the electric power shortage in Los Angeles has been approved by the Civilian Production Administration, Louis M. Dreyfus of Los Angeles, regional director of CPA's construction division, announced.

He disclosed that the Los Angeles Department of Water and Power has been authorized to erect a \$4,000,000 steam turbine generating plant at Island avenue and "B" streets, Wilmington, to prevent an impending power shortage.

Construction will not start until January 1, Dreyfus reported. The power load for the city, contrary to expectation, has been increasing since the termination of the war.

"Dirt will get your Diesel if you don't watch out"

Sure as shootin', if there's Old Man Dirt in your Diesel fuel, there's trouble ahead. Every drop of fuel goes through injector-nozzle holes small as a human hair. And if these injectors get dirt-worn, that does it, brother. Cuts the power of your Diesel and leads up to repair bills. Because it's all-important to use a CLEAN fuel, use Standard Diesel Fuel—distilled 100% for PURITY.
